Our Purpose

The Association of Desk and Derrick Clubs (ADDC), an international non-profit organization, is a premier provider of energy education and professional development. ADDC's purpose shall be to promote the education and professional development of individuals employed in or affiliated with the petroleum, energy and allied industries, and to educate the general public about these industries as well as the companies and global communities the members serve.

Our Mission

Our mission is to enhance and foster a positive image to the global community by promoting the contribution of the petroleum, energy, and allied industries through education by using all resources available.

March President's Letter

March already! Marti Gras is celebrated March 5th this year. St. Patrick's Day is March 17th; both of these dates are fun to celebrate with family and friends. It is also a time of renewals for our Lone Star Desk and Derrick Club members.

Lone Star members are looking forward to our first field trip of 2019 with a road trip to Kilgore, TX to the East Texas Oil & Gas Museum, which has been newly renovated

in the past few months. We will also visit the Daisy Bradford well. We are looking forward to a day of education and camaraderie with our fellow members.

In February we heard Chukwuka Akpenyi of Schlumberger give us a most informative presentation "Drilling Digital Transformation". He explained a new development plan where information is kept in the cloud and is very easy for all departments of a company to retrieve information. We are looking forward to hearing Zacariah Hildenbrand Ph.D. – Environmental Consultant that provides environmental analysis and monitoring of drilling fluid and water speak to us. Our Membership Meeting will be March 14th so be sure to get your reservation in by noon on March 12th.

The first Central Regional Meeting will be April 11-14, 2019 in Oklahoma City and I'm hoping many of you will attend so Lone Star will have a great representation. The packets are out and the cost is only \$100. There are two field trips available. I just attended the President's training meeting in Oklahoma City February 23 at the Alof Hotel where the Region Meeting will be held in Bricktown in OKC.

Keep up the good work and continue to be the STARS that all of you Lone Star Members are!

Pat

Inform Environmental, LLC
Collaborative Laboratories for Environmental Analysis and Re-
mediation (CLEAR)

Dr. Zacariah Hildenbrand is the principal founder of Inform Environmental, LLC and sits on the scientific advisory board of the Collaborative Laboratories for Environmental Analysis and Remediation at the University of Texas at Arlington.

Dr. Hildenbrand has coordinated environmental monitoring and remediation projects all across Texas, Louisiana, and Pennsylvania. This research has produced more than 50 peer-reviewed scientific journal articles and textbook chapters. He is also an editor of the textbook '*Advances in Chemical Pollution, Environmental Management and Protection: Environmental Issues Concerning Hydraulic Fracturing*', a co-chairman of the EARTHx - Cynthia and George Mitchell Foundation's 2017 '*Responsible Shale Energy Extraction*' Conference, and was recently nominated for the *Humanity in Science* Award, which recognizes scientists for their altruism and innovation. Dr. Hildenbrand is determined to generate a deeper understanding of energy extraction and to develop solutions for environmental remediation and the recycling of anthropogenic wastes.

Chuks Akpenyi
DrillPlan Business Development
Dallas

Chuk's program regarding Schlumberger's digital business development in the Dallas region, gave us a technical and deep level product demonstration of digital drilling adoption and how they are helping oil and gas companies gain insight into efficient cloud-based collaborations and resource deployment so that critical information can be shared efficiently.

Field Trip to East Texas Field

The Lone Star Desk and Derrick Club is planning a field trip to the East Texas Oil and Gas Museum in Kilgore, Texas on Saturday March 23.

Duel Glass will meet us at Jack Ryan's Steak House for lunch and we will visit the Museum (which has just been newly renovated) and then we will proceed to the #3 Daisy Bradford Well (Discovery Well) brought in September 3, 1930 as the first producer in the largest oil field in the world. This was the first oil well in Texas and is located in Rusk, Texas.

Details regarding carpooling, departure time and place will be forthcoming!

Meet Janet Beavers

How does one write a bio about themselves? Where do you start? Where do you end? The beginning or the End? End of what? Well, with no writing experience, here's my best shot at telling you about me and where I came from and how did I get here.

My hometown is Wichita, Kansas. Growing up in Wichita was all about wheat, cattle, nature, Wichita State University Shockers Basketball Team and lots of wind for Sailing.

Because of my family's love of sailing, my parents started a sailing business selling boats, marine supplies with sail/boat repairs, sailing lessons and rentals also available.

It was the "Family Business" that taught us a work ethic that is so valuable to possess today. Kept us all very busy, and it wasn't bad having so many choices of a boat to use... most kids had cars, we had sailboats!

My Mom, Dad, 2 brothers and 1 sister were, and still are, competitive sailors, winning National regattas and collecting many trophies... No wonder I don't like to dust! Sailing during the summers and going to regattas at the many lakes throughout Kansas, Colorado, Oklahoma and Missouri gives me great memories. I treasure those family sailing and camping trips and the wildlife (including us) we encountered!

I tried racing in the regattas, just not my thing, but lots of fun to watch and greet the crews at the dock after the races. I still love a nice long leisure sail in the British Virgin Islands, whenever possible.

With my deep Kansas roots I attended the University of Kansas (another great basketball team). I completed my education at Wichita Business College studying accounting. Upon graduation, I immediately hit the road south to Texas. I was young and anxious to get out on my own.. preferably in oil and gas business.

It is odd that I had to move to Texas to get into this crazy oil and gas business! Little did I know growing up, that there were so many oil and gas companies in Wichita, Kansas and still are today. I actually visited my first oil well when I was about 5. So you can say I've been introduced to the oil and gas business at a young age... according to my resume I entered the exciting and unpredictable energy industry in 1981 as a Landman.

In a couple years the industry took a downturn, jobs disappeared and no one was hiring. The only way I was able to get a job staying in the industry was as a Receptionist. My experience in the business bloomed from there! Now, I'm an oil and gas accountant with Land, Title and Operations knowledge.

Like most young women, I got married and had two wonderful sons, enjoying years of outdoor activities and sports. I continued to work in the industry and was fortunate to eventually start working for my Father-in-law's company, Great West Energy, for a good number of years, mainly from home while raising the boys. I got to do most everything from the office to the field. I learned so much about the oil and gas industry in accounting, land and office management.

Today, my most important and fun job is being a Grama to 2 of the cutest, funniest and smartest 2 year olds. This keeps me busy visiting in Flower Mound, Texas and Winooski, Vermont whenever possible. I love to travel, especially where there are beaches, mountains, friends, family and grandsons at my destinations.

Desk and Derrick has been a great source of knowledge and education for me, along with meeting great people in the industry. I feel honored to serve on the Lone Star Board this year. I have been blessed and know there are good things in my future.

I have not reached my end, so let me just say.... To be continued..

TO: 2019 ADDC Region Directors and Club Presidents
FROM: 2019 Rules Committee
SUBJECT: Proposed Amendments to ADDC Bylaws and Standing Rules

The deadline to submit proposed amendments to the ADDC Bylaws and/or Standing Rules to the Rules Committee for presentation to the delegates at the 2019 ADDC Convention was set for February 14, 2019.

The 2019 Rules Committee is presenting five (5) proposed amendments to the ADDC Bylaws and five (5) proposed amendments to the ADDC Standing Rules. The ADDC Board submitted five (5) of the proposed amendments and two (2) to the ADDC Standing Rules. The Abilene, Three Rivers and Baton Rouge Clubs each submitted one (1) to the Standing Rules.

Region Directors will present the proposed amendments at their respective region meetings for discussion. If there is any motion to change/amend any amendment, please contact the ADDC Parliamentarian for proper procedures.

Delegates will vote on the amendments at the ADDC Convention to be held September 19 - 22, 2019 in Kansas City, Missouri. (The ADDC Bylaws, Article XXV - Amendments, Section 1. (b) states that the proposed amendments with the recommendations of the Rules Committee and the Board of Directors shall be distributed at least forty (40) days and not more than six (6) months prior to Convention.)

Thank you to all of our region representatives - Donna Siburt Northwest Region, Evelyn McCurley Ingram Southeast Region, Connie Bass Central Region, and Philana Thompson West Region, also thanks to our Board Contact Keith Atkins and Parliamentarian Marilyn Carter, for their assistance with this committee.

Regards,

Valina "Val" Blanchard
2019 Rules Committee Chairman

Proposed Bylaws Amendments

Proposed Bylaw Amendment Number 1:

Article IV – Association Distribution Office, Section 2

Amend by deleting the words “person or persons” between the words “a” and “to” and between the words “Such” and “shall” and inserting the words “person(s) or management company.”

Currently Reads:

The Board of Directors shall employ a person or persons to perform such duties at this office as the Board shall specify. Such person or persons shall be responsible to the Board of Directors and work under the supervision of the President.

Amend to Read:

The Board of Directors shall employ a person(s) or management company to perform such duties at this office as the Board shall specify. Such person(s) or management company shall be responsible to the Board of Directors and work under the supervision of the President.

Rationale:

For: Membership requested the Board look into use of a management company contract to replace the ADO office and manager.

Suggested by members and it lets us choose the most cost effective method to handle the duties.

After learning what a management company can provide for us at such and amazing cost, this just makes sense. We should have made this change long ago.

Proposed Bylaw Amendment No. 2:

Article V – Association Membership, Section 1(d), second last sentence

Amend by inserting the words “or email” between the words “mail” and “vote”. Changed to Arial 12

Currently Reads:

(d) The Board of Directors may by majority vote discipline or suspend a club for good cause, such as failure to meet its financial obligations or noncompliance with these bylaws and the known policies of the Association. The Board of Directors may by unanimous vote expel such club; provided a copy of such charges has been mailed to the club; provided that the club is afforded a thirty (30) day period in which to reply to such charges and notice of pending action; and provided further that an opportunity for a hearing before a committee of three appointed by the Association President is granted if the club requests. Such hearing shall be held within a period of sixty (60) days following the expiration of the thirty (30) day period hereinbefore mentioned, and the findings thereof shall be referred to the Association Board of Directors for final action. Such action shall be taken at either the next regularly scheduled meeting of the Board, at a special called meeting, or by mail vote. The decision of the Board shall be final.

Rationale:

For: The majority of the Board of Directors business is handled by email between meetings of the Board.

This is necessary housekeeping to align with the way we currently handle business. More cost effective and timely to do emails.

Article V – Association Membership, Section 3, 2nd Paragraph

Amend by deleting in its entirety and insert new paragraph: “Each club shall schedule a minimum of five (5) educational program presentations a year, four (4) of which must be directly related to these industries. The remaining program presentation may be on Desk and Derrick orientation, Bylaws, socio-economic responsibilities or professional self-development.”

Currently Reads:

Each club shall schedule a minimum of nine educational program presentations a year, six of which must be directly related to these industries. The remaining program presentations may be on Desk and Derrick orientation, socio-economic responsibilities or professional self-development.

Amend to Read:

Each club shall schedule a minimum of five (5) educational program presentations a year, four (4) of which must be directly related to these industries. The remaining program presentation may be on Desk and Derrick orientation, Bylaws, socio-economic responsibilities or professional self-development.

Rationale:

For: Clubs are finding it more difficult to meet the nine meeting requirements. Many organizations have a quarterly meeting instead of monthly and many clubs do not meet during July and August.

Article VII – Dues and Fees, Section 1(c)

Amend by inserting the words “or ADDC Treasurer, as directed by the Board” between the words “Office” and “with” and between the words “Office” and monthly”.

Currently Reads:

(c) Annual dues are payable February 1 of each year and shall be submitted to the Association Distribution Office, with checks made payable to the Association of Desk and Derrick Clubs, within thirty (30) days. Annual dues for members added after February 1 shall be submitted to the Association Distribution Office monthly, with no dues to be submitted after November 30 each year.

Article XII – Committees, Section 1

Amend by deleting in its entirety and inserting new paragraph: The Standing Committees of the Association shall be the following: Club Bylaws/Manual Review, Education/Certification, Finance Review, Membership Program, Public Relations, Rules, and Tax Exempt Committees. Special committees may be created from time to time as deemed necessary by the Board of Directors.

The Standing Committees of the Association shall be the following: Club Bylaws/Manual Review, Education/Certification, Finance Review, Membership Program, Public Relations, Rules, and Tax Exempt Committees. Special committees may be created from time to time as deemed necessary by the Board of Directors.

Rationale:

For: With the reduction in membership in recent years we needed to look at combining and merging committees.

There were too many committees with fewer members and some committees crossing lines. As it had become so hard to find members to serve on the various committees of the Association, this move is necessary with our declining membership numbers.

Amend by deleting in its entirety and renumbering the remaining items.

Currently Reads:

Each year a scrapbook shall be compiled and presented to the President of the Association. Scrapbooks and other Desk and Derrick memorabilia may be donated at any time to the Scrapbook Committee or to the Association Distribution Office to compile a history of the Association.

Standing Rule 11 c

Amend by striking '\$20,000' between the words 'exceed' and 'the' and insert '\$50,000'.

Currently Reads:

c. Should the balance in the Convention Fund exceed \$20,000, the Association Board may transfer, as the need arises, no more than \$10,000 in any one year to the General Fund. Up to \$5,000 additional funds may be transferred to meet legal obligations. The transfer of funds shall be communicated to clubs within thirty (30) days.

Amend to Read:

c. Should the balance in the Convention Fund exceed \$50,000, the Association Board may transfer, as the need arises, no more than \$10,000 in any one year to the General Fund. Up to \$5,000 additional funds may be transferred to meet legal obligations. The transfer of funds shall be communicated to clubs within thirty (30) days.

Rationale:

For: The Convention fund currently has a balance of \$140,000 (+/-) in the account. The conventions in recent years have not made enough money to recoup what has been transferred out of the fund for ADDC operational expenses over the last several years.

In the past, several conventions lost money, for example 2016 was a \$40,000 (+/-) loss. If the Board continues to approve the transfer of money to cover operational expenses for the ADDC Account without money being put back into the fund and should another convention end with a significant negative balance, this account will not have the funds to pay the difference and be unable to sustain itself. Because of these reasons we propose this account must have a minimum of \$50,000 at all times.

With the goal of being good financial stewards it is important to protect our assets now and in the future.

Standing Rule #13

Amend by deleting in its entirety and inserting new paragraph: "Allocation of General funds for expenses for the Association Board to attend the ADDC Convention shall be made only if sufficient funds are available within the operating budget. Financial assistance shall be limited to economical airfare (other transportation not to exceed airfare), registration and hotel accommodations as outlined in the Board of Director Procedures. These expenses shall only be covered if the Board member's company does not reimburse the Board member. Board members should submit before Budget and Planning a proposed budget of anticipated costs."

Currently Reads:

Convention expenses of the Association Board shall be included in the Association budget and paid from the general fund.

Amend to Read:

Allocation of General funds for expenses for the Association Board to attend the ADDC Convention shall be made only if sufficient funds are available within the operating budget. Financial assistance shall be limited to economical airfare (other transportation not to exceed airfare), registration and hotel accommodations as outlined in the Board of Director Procedures. These expenses shall only be covered if the Board member's company does not reimburse the Board member. Board members should submit before Budget and Planning a proposed budget of anticipated costs.

Rationale:

For: *It is important that any board costs or reimbursements are always transparent and are not open to confusion or misunderstanding by the board or the membership. This is a current practice that we follow and have followed per board procedure, however, board procedure is a board controlled document which members do not have input or say. I understand that it should be a part of the standing rules for transparency and protection of not only the Association but the board members as well. This will also put us in line with Regional Bylaws and most Club Bylaws/Standing Procedures.*

Against: *This is not necessary. Our Bylaws, Standing Rules and Board Procedures already support this. We already are required to present a balanced budget, whether or not it includes costs for the Board to attend convention. The Board Procedures already limits travel expenses to lodging, economy travel, etc.*

Standing Rule #9 b

Amend by deleting the words "Association Board approval" between the words "receive" and "by" and inserting the words "approval of the Immediate Past President".

Currently Reads:

b. Any club sales item and accompanying printed materials bearing the words "Desk and Derrick," "D&D," "Association of Desk and Derrick Clubs," "ADDC," and/or the trademark (insignia) must receive Association Board approval by application through regional directors.

Amend to Read:

b. Any club sales item and accompanying printed materials bearing the words "Desk and Derrick," "D&D," "Association of Desk and Derrick Clubs," "ADDC," and/or the trademark (insignia) must receive approval of the Immediate Past President by application through regional directors.

Rationale:

For: The IPP has the time and knowledge to review these items for correctness.

This is not something the Board needs to approve.

The approval of club sales items was not something that needed the attention of the entire Board. Assigning that duty to the IPP makes perfect sense.

March 2019

Happy Desk and Derrick Awareness Month! Each year, as members, we try to make our communities, coworkers and employers aware of just how important our Association is in educating the world about energy. What does your club have planned for Desk and Derrick Awareness Month? I challenge each one of you to invite one person to attend your monthly March meeting and showcase the opportunities of membership in our Association.

We have the management company, Charity Rising, in place. We are currently feeding them the information they need to update the website. We ask for your continued patience; this is quite a task. I will keep you updated on this as progress is made.

Regional meetings are coming up next month. I encourage you to attend, and even consider attending another regional meeting besides your own. This is a perfect opportunity for networking and meeting new people within our Association.

Convention planning for Kansas City is well underway. The GAC has lined up some very interesting field trips for us and have some very informative seminars on the agenda. More information will be forthcoming. Please **SAVE THE DATE:**

68th Annual ADDC Convention
 September 24-28, 2019
 Kansas City, Missouri
 Kansas City Marriott Country Club Plaza

Thank you all for your hard work and continuing support; you are truly appreciated as you are the foundation of this great Association.

Happy St. Patrick's Day to all:

Let me start by expressing my sincere thanks to all who were able to attend the President's meeting in Oklahoma City in February. To those unable to attend please know that you were missed and we look forward to meeting with everyone at the Region Meeting in April.

Plans are well underway for an invigorating and educational meeting. The packets have been made available. Please make plans to attend and expect a great time of learning and establishing new friendships and enjoying times with friends you have known for years.

As promised I will be highlighting two of our Central Region Presidents at this time. These will not be in any particular order so here it goes.

- Pat Blanford, president of the Lone Star Club of Dallas is retired from Kasle Energy and enjoys her free time gardening, going to movies and traveling. Her goal for her club this year is to be the best club they can be and increase memberships. Yes, Pat I plan to keep you informed.
- Jamie Sabata, president of the Liberal Club currently works for Gardner Cryogenics/Air Products as an inventory control specialist. She spends her spare time (when she has some) playing golf, doing crafts and making wreaths. Her goal for her club this year is to recruit more members and encourage participation at all levels.

Many items have been flooding the email system in the past few weeks. Good news we have found a management company at a good price that we the board feel will do a good job taking care of the day to day operations of our association. Their name is Charity Rising and their operation is located in Paris, Texas. I've always wanted to see Paris.....

There are several things that will be discussed at Region meeting in April so be prepared to be amazed at all the things that are happening for ADDC.

Dates to remember are:

- April 11th - 13th Central Region Meeting in Oklahoma City, OK at the Aloft-Bricktown Hotel hosted by the OKC Club.
- September 25th - 28th 2019 ADDC Convention to be held in Kansas City, MO. More details to come. Convention is being hosted by Central Region so please plan to attend and show your support.

Start making your plans now to attend both if you can. Please do make plans to come to OKC in April. We plan to make this a meeting you will never forget.

Remember this:

"The Key to Education is the Willingness to Learn"

Till we meet in OKC have a great day :)

Melting Chocolate Cake

We scaled [Carnival](#)'s recipe down but couldn't help but share it in its original form. Serving 90, it called for 8 pounds of dark chocolate, 8 pounds of butter, 80 eggs, 5 pounds of sugar and 5 pounds of flour! This kitchen-friendly version will make 10 to 12 individual cakes. Make sure that the eggs are at room temperature and chocolate is still warm when combining.

Ingredients

- 1 lb dark chocolate
- 1 lb butter
- 10 eggs
- 1/2 cup plus 4 tbsp sugar
- 1/2 cup less 4 tbsp flour

1. Melt the chocolate and butter together.
2. In a separate bowl, mix the eggs and sugar; whisk for a few minutes, then add the flour.
3. Add the egg mixture to the melted chocolate and mix.
4. Pour the mix into greased individual serving dishes. Bake in the oven at 200 degrees Celsius (between 375 and 400 Fahrenheit) for 14 minutes.
5. Enjoy warm! Cruise Critic member tinabrnr says it's "awesome with ice cream."

From the Editor

Next month I promise I will try my best to get the newsletter out sooner and if you forgive my lateness this time I won't bore you with all the reasons that happened—WIN—WIN!

Okay —I still need the help of all the members to make our newsletter interesting and worthwhile—a true reflection of everything we are.

Please - I need interesting news articles (industry related or other items of interest) personal profiles, cartoons, recipes, and especially suggestions for what you would like to see and read in in The Lone Star Pipeline.

Thanks to Janet Beavers for contributing her Bio this month—I hope you all enjoy getting to know Janet a little better—I know I did.
