Our Purpose

The Association of Desk and Derrick Clubs (ADDC), an international non-profit organization, is a premier provider of energy education and professional development. ADDC's purpose shall be to promote the education and professional development of individuals employed in or affiliated with the petroleum, energy and allied industries, and to educate the general public about these industries as well as the companies and global communities the members serve.

Our Mission

Our mission is to enhance and foster a positive image to the global community by promoting the contribution of the petroleum, energy, and allied industries through education by using all resources available.

Club Motto

"Greater Knowledge, Greater Service"

2019!!! A new year, a new beginning. We must put any negativity in our life aside and look only for the positive for the New Year.

The Lone Star Board has met and is working on several ideas for speakers and field trips for 2019. If you have any ideas or places you would like to tour this year please bring it to our attention.

Our first speaker of the year was John Tintera of Texas Alliance of Energy Producers. He gave us a rousing presentation about the direction our industry is going. It is very important that those of us who work in or

represent the industry do what we can to educate the public as the media is crucifying our industry at the present time.

We are ahead of last year in renewals at this time and I'm encouraged about that. If you haven't sent in your 2019 renewal please send it to our First Vice President Patsy Gomez, patsy@gfmrockwall.com and you can renew online from our website www.lonestardandd.org. Please let her know and either send or bring your app to the next meeting as she has to send these in to national.

Our speaker for the February Membership Meeting to be held February 21st at Brookhaven Country Club will be Chukwuka Akpenyi from Schlumberger. His presentation is titled "Drilling Digital Transformation". We look forward to the new knowledge we will gain from this presentation.

Please put April 11-14, 2019 on your calendar as that is the first Central Region Meeting to be held. The Meeting will be in Oklahoma City and we can drive and carpool to this Region Meeting. There will be forthcoming information regarding the field trips and seminars to be held.

If you haven't volunteered to serve on a committee, please do so. Just let someone know where your interests and talents are. It takes all of us to make Lone Star successful.

Pat

"There are two ways of spreading light: to be the candle or the mirror that reflects it". Edith Warton (1862-1937) American Author

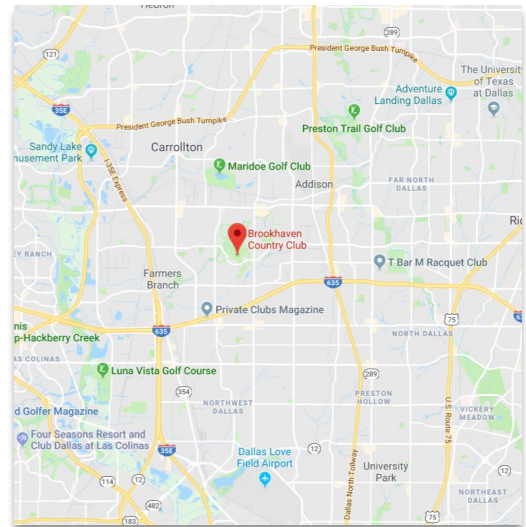

MEETING INFORMATION

Time & Place

Our meetings are typically held on the third Thursday of each month at 6:30 PM at

Brookhaven Country Club
 3333 Golfing Green Dr.
 Farmers Branch, TX 75234

Cost & RSVPs

The cost of dinner is \$30, cash or check made payable to *Lone Star Desk and Derrick Club of Dallas* | *RSVPs and cancellations must be made by the third Tuesday at 10:00 AM* | *Members and guests are responsible for payment if cancellation procedure is not followed.*

Social Hour

Prior to the meeting, the club will host a *Social Hour from 6:00-6:30 PM in the lobby adjacent to the meeting room. Drinks can be purchased at the bar.*

Schlumberger Digital Drilling

- **Schlumberger Digital Drilling Business Development Lead – Dallas, TX**
- Delivered Oil & Gas services to about 30 International Oil & Gas Companies in over 16 countries; USA, Mexico, Nigeria, Algeria, Ghana, Angola, Gabon, Libya, Tunisia, Morocco, Sudan, Kuwait, UAE, Qatar, Norway, and UK
- Drilled over 400 horizontal oil and gas wells across projects globally
- Supervised and trained over 40 employees in horizontal well delivery services
- 4 Schlumberger world records with ZADCO (UAE) (2012 to 2013)
- Schlumberger President award for “Game changing technology introduction to KOC, Kuwait (2014 to 2015)
- Received the highest performance rating class “outstanding” for 7 consecutive years from 2009 to 2015

Dallas, US Mid-Continental Market (Current role) Oil & Gas drilling digital transformation

Currently in charge of the Schlumberger digital business development in the Dallas region, delivering technical presentations and deep level product demonstration for digital drilling adoption. My role is focused on helping oil and gas companies gain insights into efficient cloud-based collaborations and resource deployment.

Algeria Schlumberger, North Africa, Horizontal Drilling Team Lead

Managed over 150 horizontal well projects for over 10 clients while based in Algeria including; Sonatrach, Eni, Statoil, BP, Kuwait Oil Company, Abu Dhabi Petroleum Company, Abu Dhabi National Oil Company, Zakum Drilling Company while functioning as the technology and service leader for Schlumberger horizontal wells services.

Norway Record Setting Horizontal Well Delivery to OMV

Part of the special project Well Placement team that delivered the outstanding OMV Wisting Central II appraisal well, arguably one of the best wells drilled in the company's operating history in Norway. Highlights of the project are captured in the published YouTube video <https://www.youtube.com/watch?v=JHoFogpef3M>

Kuwait Record Setting Horizontal Well Delivery to KOC

Lead the successful delivery of the Kuwait oil Company (KOC) Minagish project technology introduction, and my team received a segment's president award for the project.

Various Locations Personnel development and coaching

With the scope and complexity of my projects, I was always in a position to offer technical development opportunities to Schlumberger and operating company personnel across the many projects and countries in which I worked.

Texas Fuels the World: An Open Letter to All American Energy Consumers

Austin, Texas – from the Headquarters of the Texas Alliance of Energy Producers

Oil and gas exports from Texas' hydrocarbon reservoirs are a rock-solid guarantee that America's light switches work, computers hum, and our paychecks are more secure. Texas hydrocarbon energy fuels the world, making our lives safer and more prosperous. Our hydrocarbon energy and technology can – and will – help today and tomorrow the one billion people worldwide that live in energy poverty.

The benefits are obvious. There is no better example of free market success than the domestic energy renaissance our nation has enjoyed over the last 15 years, first with natural gas, and then with crude oil. Texas now supplies about 42% of US national crude oil production, and that number is expected to grow to 45% by year-end 2019. Ten years ago, that number was just 22%. Since 2008, US crude oil production has grown by 130%, and Texas crude oil production has *more than quadrupled* over that same period of time.

The development and production of these resources supports hundreds of thousands of high-paying jobs in Texas and generates extraordinary economic growth in the state. The "Texas Miracle" is a term now commonly used to reference the state's extraordinary economic performance in relation to other states and to the US national economy. The *Texas Miracle* economy simply does not exist absent the state's strong oil and gas economy. The highest rates of economic growth in Texas over the last 15 years have come in those years in which the state's upstream (exploration and production) oil and gas economy was strong and growing. In the second quarter of 2018, the most recent period for which statistics are available, Texas Gross Domestic Product (GDP) was the highest of all 50 states at a whopping 6.0%.

Though it may seem counter-intuitive to some, today's regulated development and deployment of hydrocarbon energy resources is not incompatible with a cleaner environment – in fact it is synonymous. Texas hydrocarbons, including our plentiful natural gas, have allowed the U.S. to show an overall decrease in key emissions. Natural gas is cleaner burning, readily available, fully regulated, and exists within America's borders.

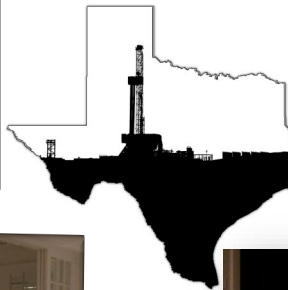

Hydrocarbons will continue to remain a vital part of all domestic and worldwide energy solutions. America must reject any political trend, deal, or social philosophy that threatens national security which is built on our energy independence. The federal government must never lose touch with the reality of jobs and the role of abundant and inexpensive energy for our communities and the world. That energy comes from hydrocarbons.

We call on our elected officials to use Texas bountiful energy wisely to solve problems and save lives today, and not focus on unrealistic and politicized promises that mislead the American people and create nothing but new problems for tomorrow. In Texas, we know that hydrocarbon energy creates prosperity that lifts the quality of life for all our citizens. If deemed necessary, this prosperity can modernize vital infrastructure like roads or ports, build pipelines that can transport not just oil and gas but water to areas in need, build recycling facilities, and ensure that we use our God-given resources for the betterment of all mankind.

The best has yet to come for our beloved America and the entire world as it looks to the future, fueled by Texas hydrocarbons.

January 2019

Happy New Year to all of you! I wish each one of you a happy, healthy and prosperous 2019. I am so excited to serve ADDC as the 2019 President. Your 2019 Board of Directors is ready and willing to serve you, the members, in the year ahead and each feels honored to represent you in the coming year.

The Board for this year is: Philana Thompson, West Region Director; Connie Bass, Central Region Director; Evelyn McCurley-Ingram, Southeast Region Director; Donna Siburt, Northeast Region Director; Evelyn Green, Treasurer; Wendy Sparks, Secretary and Executive Assistant; Keith Atkins, President-Elect; Christina Forth, Immediate Past President; Marilyn Carter, Parliamentarian; and myself, Terry Ligon, President.

One of the changes we are making this year concerns our ADO office and the position of webmaster. The office will no longer be located in West Virginia and Wayne Ammons will no longer be an employee. (I do want to thank Wayne for all he has done for this Association.) We are in the process of looking at several management companies to take over the duties of the ADO office and the position of webmaster. We will make a decision at the Budget and Planning meeting, or soon thereafter. Please bear with us; the website may be slow getting updated over the next month but we will get this done.

The 2019 Board is busy preparing for the Budget and Planning meeting which will be held in Tulsa, Oklahoma, January 11-12. We will approve the annual budget and review the goals and plans of each of the committees. Please contact your Regional Director, region representatives, committee chairmen or any Board member, including me, with any ideas, suggestions or concerns.

I am honored to be "serving" as your President this year and I thank you for your support and your hard work for this Association. The key word here is "serving"; I do believe "If serving is below you, leadership is beyond you." I am here to serve you and hope in doing so I will be an effective leader for you.

I do look forward to hearing from each of you and I am ALWAYS available by email, text or phone.

Let's have a great year in 2019!

Terry Ligon

January 2019

Happy New Years to the members of the New Central Region of the ADDC and thank you for your confidence in me to serve as your Region Director. My theme for this year is "The Key to Education is the Willingness to Learn".

My thanks also goes out to all of those who have served as Region Director before me.

Our club leaders for 2019 are as follows:

Butler County - Abby Johnson

Dallas- Barbara Chapman

Enid- Shelly McCool

Fort Worth - Judi Jones

Graham - Lanette Mills

Great Bend - Sharon Hiss

Liberal - Jamie Sabata

Lone Star - Pat Blanford

Oklahoma City - Jamie Gilmore

Red Earth - Teri Swarengin

Tulsa- Jill Klein

Wichita- Abby Bock

Wichita Falls - Rena Shaffer

Whether it is your first year or you are one of the seasoned Presidents please know that your willingness to serve is a great contribution to our association.

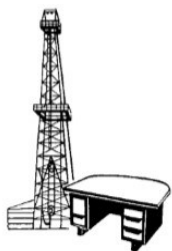

The first Central Region meeting will be held on April 11th - 14th, 2019 at the Aloft Hotel Bricktown in Oklahoma City. The OKC club has been working very hard to plan an entertaining and educational meeting for everyone.

The Friday night function will be one for the books. Entertaining field trips, seminars and speakers are sure to be enjoyed. The certification class is scheduled to be Accounting.

The board will be meeting in Tulsa on the 10th and 11th of this month to prepare for the new year at the Budget & Planning meeting. Please know that our goal is the betterment of the association and we are working to make it an organization you will continue to be proud to be a member of.

Please know that if you ever need anything from me I will make it a point to be there for you. Thanks again for your support and belief in me and know that I am here for you, the members of the "CENTRAL REGION".

February 2019

Expecting things to change without putting in any effort is like waiting for a ship at an airport. Put in the effort; be part of the change.

The 2019 Budget and Planning Meeting was a great success! You all need to know that the 2019 Board is very dedicated to you, the Association members. They each have a tremendous amount of personal leadership, enthusiasm and passion to bring to this Association.

At the Budget and Planning Meeting we did a lot of work updating our Strategic Plan. Christina Forth is in the process of finalizing and putting it all together for us. As soon as this is done, we will share it with you. It is very exciting and definitely taking us in the right direction.

The Rules Committee has set February 15, 2019, as the deadline for proposing amendments to the ADDC Bylaws and Standing Rules. If your club or region has any suggestions, please forward these to Val Blanchard at vblanchard@gmail.com, Rules Committee chairman, by the deadline.

Remember, March is Desk and Derrick Awareness Month. Start making plans to invite a prospective member to your next meeting and inform them of the invaluable educational and networking opportunities available. Share your passion and your excitement!

ASSOCIATION OF
DESK AND DERRICK
CLUBS

February 2019

Hello to all:

Month 2 of my journey has caught me by surprise. I would like to once more thank everyone for their support and advice in this new aspect of my life in ADDC.

My goal this year is to highlight the Presidents of the Central Region Clubs. I will be starting out with the President of my home club, the Graham club. Our president this year is Lanette Mills, This is her first time to serve as President and she has really stepped up to the plate. She joined the Graham Club in 2007. She has been an employee of Bryan Insurance Agency in Graham for 28 years. This company has been a big supporter of Desk and Derrick in Graham for a very long time. Lanette is married to Joel Williams and they share 2 children, Joshua (38) and Jessica (34). The light of their life is their grandson Bradley who turns 4 in April. She enjoys hiking and fellowship with her Desk and Derrick family. Her goal this year is to learn even more about the industry and pool our resources to increase membership. Yes, Lanette I have your back.

I will be highlighting (2) presidents each month from March through August since we have 13 clubs. The rest of the year I will dedicate to the association as a whole.

In January we had the Budget and Planning meeting in Tulsa, OK where we were able to trim down the budget to work toward making this a prosperous year for ADDC. We are currently negotiating a contract with a management company and hope to have it finalized by the end of this month.

Registration packets for the Central Region Meeting should be going out soon. The OKC club has been working diligently to get everything set up to make a very educational time for all. As I mentioned last month the meeting will be held April 11th - 14th, 2019 at the Aloft Hotel Bricktown in OKC. I have sent out a "save the date" notice to all presidents giving the rate information.

I am looking forward to meeting with club presidents and representatives of the Central Region this month to reacquaint everyone and discuss what we want to achieve this year to help the ADDC be a powerful and educational organization and a great representative of the oil and gas industry.

Mark your calendars for the 1st Annual Central Region and know that I look forward to seeing everyone there. Remember that the "key to Education is the Willingness to learn."

Sincerely,

Connie Bass
2019 Central Region Director

I don't know if any of you remember the Vickery Feed Store in Vickery Park on Greenville Ave. but in the early 1980's it transitioned from the old country feed store to a different kind of feed—people food and it was wonderful, especially for breakfast. I'm sharing my version of my favorite breakfast and making myself homesick for Dallas. I know that the area of Vickery Park is totally transformed to something else these days but I have such fond memories of that area and the restaurant.

Vickery Feed Store Breakfast for 1

- 1 Slice Rye Bread**
- 2 oz Turkey or Regular Pastrami**
- 1-1/2 Tbsp Regular (or Reduced Fat) Cream Cheese**
- 1 Large Eggland's Best Egg**

In 1 small non-stick skillet—lightly (so it won't dry out) warm pastrami. Toast rye bread and spread with cream cheese. There should be a bit of moisture in skillet from the pastrami and it will be a bit salty so I never salt my egg (just grind pepper on top). Add a little butter to the skillet and break egg into it. Add a Tbsp. of water to the skillet put a lid on and steam/sauté egg to desired doneness (I love mine with the white completely done and the yolk soft so I can break it over the top of the whole thing. Put warm pastrami on top of cream cheese and egg on top of pastrami.

Eat and Enjoy!!!

I apologize up front for all this first newsletter of the year lacks—Yasmeen is a tough act to follow and I have the added disadvantage coming on board late and of being a long distance editor — so I will need the help of all the members to make our newsletter truly “news worthy” .

From the Editor

Please send any interesting news articles (industry related or other items of interest) personal profiles, cartoons, recipes, and especially suggestion for what you would like to see and read in in The Lone Star Pipeline.

This is your opportunity to share items of interest with all the members of our club and even win an AIMEE for the Lone Star Desk and Derrick Club of Dallas — that would be AIMEE-mazing!
